## WORK EXPERIENCE

**Front End Developer / Ultimez Technology - Hubli** June 2023 - Present

- Crafted responsive websites with HTML, CSS, and Bootstrap for seamless cross-device compatibility.
- Developed dynamic, interactive websites using JavaScript to elevate user engagement.
- Optimized Next.js code for lightning-fast data fetching, image optimization, and code splitting, resulting in improved loading speed and user experience.
- Built robust, interactive web applications using React.js, React hooks for state management, and Axios for seamless API integration.
- Utilized jQuery for dynamic content and React Ionic for responsive, cross-platform mobile UIs, delivering a cohesive user experience.
- Improved performance using PageSpeed Insights and Lighthouse, optimizing code for faster loading and a smoother user journey.
- Conducted rigorous code reviews, identified and fixed issues to ensure seamless functionality and a high-quality user experience.

**Front End Developer** Snufu Global Solutions Pvt Ltd -Davanagere June 2022 -June 2023

- Created dynamic web interfaces with HTML, CSS, JavaScript, and ReactJs.
- Collaborated with back-end developers to integrate UI elements into applications.
- Debugged code to identify and resolve bugs and performance issues.
